From the Bland Herald.

There was a fair sized gathering of representative citizens at the meeting of the board of trade in the building next to the Exchange hotel last Tuesday evening. All officers were present except Corresponding Secretary Ad H. Wycoff, who was sick with la grippe at his home in South Bland. A great deal Rock Island extension has at last ac-

terations were approved. It was decided to remit the fines of all absentees of the special meeting on the evening of January 3.

The committee on mines and information were authorised to purchase the needed supplies for their office, and directed to extend invitations to all mins and prospect owners to list their properties with this committee. Mines owned by members of the association will be listed free of charge. Nonmembers will be charged a nominal feeof one dollar for each mine listed.

Mesers, Scheurich, W. 12. Myers, J. G. Creagher, James D. May and John O'Connor were appointed by the president to consult with the members of the Bland Milling company with a view to ascertaining whether or not some arrangement could be made by which the Bland reduction works may be put into operation by some company and to report on same at the next regular meeting.

B. H. Shaw, who was one of the comnittee appointed at the previous meetis to confer with the local merchants regarding a method of advertising the association and district, reported that all were heartily in favor of adopting some new and up to date plan. The committee was then instructed to invent an appropriate design and to submit same to the board of trade next meeting for their consideration.

The secretary was then instructed to post meeting notices in prominent places two days prior to the date of the

Upon motion of W. E. Myers a committee of three were selected to confer with the Cochiti Gold Mining company and the honorable board of county umissioners with reference to the construction of a new Bland-Albemarie road. The committee named for this Work are Mesers. W. El Myers, B. H. Shaw and G. S. Madden.

girl who accidentally drank a whole bottle. She was, of course sick at her stomach for a short time, but the sickness passed away, and then the child was in better health than ever before. I can understand why Acker's English Remedy is so efficacious, because I am a druggist. It is not a mere expectorant, but a strengthening, invigorating tome as well. While it heals the irritations of the mucous membrane, it also maids up the constitution and purifies the blood. I endorse it absolutely

Skin Diseases When the excretory organs fail to carry off the waste material from the system, there is an abnormal accumulation of effete matter which poisons and clogs the blood, and it becomes cour and acid.

This poison is carried through the general circulation to all parts of the body, and upon reaching the skin surface there is a redness and cruption, and by certain peculiarities we recognize licrems. Tetter, Acne, Salt Rheum, Psoriasis, Erysipelas and many other skin troubles, more or less severs. While the skin is the Zeat of irritation, the real disease is in the blood. Medicated lottons and powders may allay the itching and burning, but never cure, no matter how long and faithfully continued, and the condition is often aggravated and skin permanently injured by their use.

The disease is more than skin deep; the entire circulation is poisoned

The many preparations of arsenic, mercury, potasis, etc., not only do not cure skin diseases, but were rure the discussion and break down the constitution.
